PROFESSIONAL SUMMARY

Driven tech professional with over 2 years of hands-on experience in cloud platforms, data engineering, and BI tools (Tableau, Zoho Analytics). Seeking a challenging role leveraging expertise in data analysis, programming proficiency (Java, JavaScript, Python), AWS, SQL, HTML, CSS, and data visualization. Dedicated to delivering impactful solutions and aiming to contribute strategic insights and technical acumen to drive innovation and operational excellence in a dynamic tech environment.

EXPERIENCE

Lead Software Engineer || RCI Digital Solution – Chennai, India   **Feb 2021 – Feb 2023**

- Led detailed user requirement analysis, improving alignment by 15% for highway and railroad projects. Oversaw full SDLC, cutting post-launch issues by 25%, enhancing processes and client satisfaction.
- Designed and deployed intricate business applications in Zoho Creator, automating schedules and email services, elevating operational efficiency by 40%.
- Developed and deployed data extraction programs leveraging Tableau and Zoho Analytics, leading to a significant 35% enhancement in data-driven decision-making, empowering stakeholders to make informed business choices.
- Implemented API key authentication, leading to a significant 30% decrease in unauthorized access attempts, fortifying data security and access control.
- Spearheaded the creation of SSAS-based applications, equipping users with advanced functionalities resembling CRM software.
- Provided comprehensive technical support post-software deployment, addressing user queries and troubleshooting issues promptly.

SKILLS

- CRM Software
- Requirements Analysis
- Access Control
- Zoho Development
- Scripting
- Workflow Automation

- Data Visualization
- Database Management
- Big Data Analysis
- SaaS Software
- API Security
- Statistical Analysis

- Java
- JavaScript
- SQL
- Python
- HTML
- CSS
